FROM THE DESK OF THE PRINCIPAL

It is a matter of great pleasure and honour to be entrusted with the duty of taking charge as the Principal of this renowned institution. With the unified efforts of the management, faculty and other stake holders, Netaji Nagar College is determined to bring forth qualified and eligible global citizens through appropriate mentor system and student support mechanism.

We, as a team with intense commitment, foster a positive spirit and believe in partnership between students, parents, teachers and support staff, striving to create a milieu that sustains excellence. Our distinction lies in the pursuit of high academic attainment through support, encouragement, praise and motivation.

As we step into this new academic year, filled with hope and dreams of scaling new heights, I wish to reiterate the fact that the purpose of education is to teach our children to think and develop a capacity to reason out facts. Therefore, our aim is to guide our students to achieve whatever goals they may have in their minds, so that we may be able to discover the particular touch of genius in each one of them.
